Regina, September 21, 2009 – The CNT Management Group Inc. announces the sale of the Ghost Tours of Regina to the STORM Group of Companies.

“In 2009, we made an important transition from tour services to Conference & Event Management services, at the same time STORM has continued to grow the Eco Boat Tour business and became an important player in the tourism industry” says CNT President, Claire Belanger-Parker. “We have a great product that is still in very high demand and we wanted the best team to take over, STORM has what it takes to move the ghost tours to a whole new level of entertainment.”
